

## DESCRIPTION

### Course Description:

The main concentration of the course will be all forms of essay writing –narrative, expository, persuasive, and descriptive writing.

1. Learning the concept of clauses and phrases, parallel structure, and active voice to help write effective and varied sentences.
2. Writing techniques to fortify and expand the quality of essay writing will be taught.
3. Agreement or the concept of matching sentence parts will be stressed in the course.
4. The top 25 writing errors will be explored such as redundancy and incorrect voice (active versus passive voice).

### Course Objectives:

1. Train students with complete writing process (pre-writing, writing first draft, revising and editing, and proofreading) when writing essays.
2. Learn/master how to write effective essays by studying and modeling essays from all types of print media.
